Annexure-I		
Annexure to point 5 : Details of the various Investment plans offered by TRUSTLINE		
Investment Plan	<i>Intrinsic (Deep Value)</i>	<i>Intrinsic Floater</i>
Investment Objective	Aims to generate capital appreciation by investing in a concentrated basket of stocks from the universe of small and mid cap space to earn superior risk-adjusted returns.	Aims to provide the Investor with returns through a primary focus on event-driven low risk arbitrage opportunities. Corporate events include only already announced and confirmed events.
Investment Style	Bottom up identification of undervalued stocks from small and medium cap using fundamental analysis. Invest in high growth companies with high incremental return on equity and generating sustained free cash flows over forecast period resulting in value appreciation.	Stocks selected from the universe of event-driven / corporate action based opportunities (e.g. stocks of companies undergoing corporate actions such as delisting, demerger, buy-back, open-offer, right issues etc).
Client Profile	Targeted at experienced clients seeking capital appreciation despite the risk of poor diversification. Must be willing and able to assume high volatility in the portfolio.	Clients looking for return profile similar to FD/FMP debt instruments by investing in low risk event driven equity opportunities aiming for at least 200 to 300 basis points alpha from above mentioned debt instruments.
Investment Portfolio	Limited number of well researched stock positions enhances probability of success. Number of stocks ideally in the rang of 20-25. Exposure in single stock < 20%.	Stocks selected from the universe of event-driven / corporate action based opportunities (e.g. stocks of companies undergoing corporate actions such as delisting , demerger, buy-back , open-offer , right issues etc).
Investor's expected horizon	36+ months	12-18 months
Portfolio Turnover	Very low turn-over likely	Medium turnover is most likely.
Client's risk and asset allocation	Since it is concentrated equity portfolio. It is assumed that the client has done his asset allocation. Under this plan, the portfolio may not be diversified.	This is targeted towards client's low risk debt allocation portfolio.
Use of hedging Instruments	NO	NO
Minimum Portfolio Size	Rs.25 Lakh cash or equivalent value of approved securities per client.	Rs.25 lakh cash or equivalent value of approved securities per client.
